General

This policy explains the school's admissions procedures and its commitment to strive for equal treatment of, and opportunities for its pupils. A separate policy exists which address equal opportunities in relation to employees.

Deciding on the right school for your child is very important, and we at Chatsworth Schools believe that a personal visit is invaluable. We very much hope that you and your child will visit our School. We hold open days throughout the year for parents interested in our Senior and College departments, which give prospective parents an opportunity to tour the school and meet the Head. Details are published on our website. We are also very happy to welcome prospective parents at other times for a personal tour of the school if the advertised open day dates are inconvenient.

For parents seeking admissions to the Nursery and Pre-School setting, they are advised to contact the Nursery and Pre-School department direct.

The Entry Procedure for Senior School and College

Mainstream Entry

Following the initial interest or enquiry for entrance to Riverston School families are encouraged to visit the school and the child could be invited to spend 3-5 taster days with us. This allows us to understand the very specific and unique abilities, learning styles and needs of the pupil.

Prior to attending these 'taster days', parents are required to complete the Registration Form, Medical form and all other relevant documents associated with the Taster days. The Taster day and Registration Fee is payable at this point.

Prospective pupils are "buddied" with a volunteer pupil who will support them and make them feel welcome during their stay. They will participate fully in the life of the school and this will allow the SLT and staff to determine whether or not we are able to fully meet the needs of the pupil. Parents will be given detailed feedback by the Form Teacher and senior staff members. Once a place is offered, a pupil may start as soon as the Acceptance Fee and first term's fees are paid in full.

Pupils can join at any point during the school year or term providing there is sufficient space within the classroom or Year group

Additional Educational Needs

As per the normal method of admission process as detailed above, pupils may be invited into school to participate in a 3-5 day taster if we feel that we are in a position to meet the Special Education Needs of the child.

At this point a non-refundable Registration Fee of £200.00 is required. Whilst on the taster period, feedback is taken and documented by the Riverston staff on the suitability of the pupil being included into the school community, the curriculum they are able to access and if the setting is able to meet need. Following discussions with the SLT, staff and the parents involved, a place may or may not be offered. If successful, and on acceptance of the formal offer by letter, a £200.00 Acceptance Fee will be requested along with any remaining additional fees.

For pupils with additional educational needs, the Tuition Fees for entry to Riverston are based on the level of support and the provisions needed as stated within the EHCP (Education Health and Care Plan) which relates to the individual child. The scale of fees for entry is calculated by considering the amount of support required, the amount of intervention from specialists, e.g Speech and Language, OT, Literacy and Numeracy support and Dyslexia, Welfare, Key worker and the staffing ratios needed to meet the pupils' education plan.

In the case whereby Local Education Authorities formally consult Riverston School to consider a placement of a child in their borough to attend the school, the above process takes place and fees may be paid by them including registration and acceptance fees, and not necessarily by the parent.

In order to substantiate that the school can meet the Special Educational Needs of the student, the school will decide whether or not the details as laid out in the EHCP (Education and Health Care Plan) can be met as well as the information gathered about the pupil when observed during the taster days. The placement will not be offered if the school considers:

- That the school is unsuitable to the child's age, ability and aptitude or to their educational needs
- The attendance of the child at Riverston School would be incompatible with the provision of efficient education for the children with whom they would be educated
- The child's attendance would be incompatible with the efficient use of resources

If all the EHCP requirements can be met, whether that is agreeing to the Outcomes as determined in the EHCP, we welcome students into our inclusive, progressive and thriving community.

Equal Opportunities

Equal Opportunities is the focus on ensuring that children have equality of access and outcome throughout all aspects of school life and that their life chances for the present and future are not impeded or distorted by anything that happens during their participation in the process of education. Rather, they should be widened to allow children to achieve the whole scope of their potential. Equality of access, however, does not necessarily lead to equality of outcome.

Equal opportunity recognises and celebrates our similarities and our diversity as individuals and groups. It recognises that all individuals have an intrinsic right to be nurtured in such a way as they are able to reach their full potential. Equal opportunity accepts that, whilst all children have something of value to contribute, they do not all start on a level playing field. Consequently, some may be disadvantaged in their attempts to reach their potential. The school works hard to differentiate and maximise their personal achievement.

Issues of equality are applicable to us all, but there are a number of people about whom Equal Opportunity concerns are often more formally expressed. Such groups are referred to in the Equality Act as the "Protected Characteristics" and are identified as age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation. The school's policies, for example, on curriculum, PSHE, safeguarding and anti-bullying,

explain how it promotes a sense of respect and tolerance, and guards against discrimination against people who demonstrate a protected characteristic.

Equal Opportunities covers the whole process of education but particularly embraces issues of multiculturalism, anti-racism, disability, ethnicity, gender and trans-gender, sexuality, and socio-economic disadvantage. Strategies to combat inequality include those dealing with issues of self-esteem and sense of self-worth, school organisation, curriculum content and delivery, discipline, provision for those considered to have special educational and/or English as an additional language needs, underachievement, and building social relationships within the school community. Equal opportunity is about creating the structures and contexts for unlocking potential.

Equal Treatment

Chatsworth Schools is committed to equal treatment for all, regardless of a candidate's race, ethnicity, religion, sexual orientation or social background. The school has due regard to the Equality Act 2010 and promotes respect and tolerance for people who have a protected characteristic. We welcome children from many different ethnic and racial groups, backgrounds and creeds. Human rights and freedoms are respected, but must be balanced with the lawful needs and rules of our school community and the rights and freedoms of others. The school is committed to being an Equal Opportunities Education provider and is committed to equality of opportunity for all members of the school community. The school recognises and accepts its responsibilities under the law, in line with the 1976 Race Relations Act; all candidates for admission will be treated equally, irrespective of their, or their parents' age, gender, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race or ethnicity, language, religion or belief, national or social origin, sexual orientation, property, birth or other status. We expect all of our pupils to attend all assemblies and outings, and to take full part in all Religious Education lessons.

Special Needs

We do not discriminate in any way regarding entry. We welcome pupils with special educational needs, providing that we are able to meet the level of support that they require. We welcome pupils with physical disabilities provided that our site can make provision for them. The physical layout of the site and buildings may restrict the movement of individuals who have particular difficulties with mobility. Some of these restrictions may be insurmountable. The school has a three-year disability access plan in compliance with the Special Educational Needs and Disability Act.

Reasonable Adjustments

The school defines a reasonable adjustment as one which can reasonably be undertaken within its normal staffing, facilities and resources, given the context of the school. The school reserves the right not to offer a place where it is believed that any necessary adjustments exceed the criterion for reasonable adjustment. Where the school believes that a child's particular needs can be met by drawing on a limited range of additional expertise or resources, but nevertheless beyond the criterion for reasonable adjustment, the school may decide to offer a place on condition that the additional cost will be passed on to parents.

We advise parents of children with special educational needs or physical disabilities to discuss their child's requirements with the school before they register for a place, so that we can determine whether a place can be offered. Prospective parents are also asked to inform the school if any reasonable adjustments need to be made to enable a child to access the assessment process. Parents should provide a copy of an Educational Psychologist's report, EHCP (Education, Health, Care Plan) or a medical report to support their request for a place and alert the school to any request for extra time or other special arrangements.

Pupils with Medical Requirements

If the school believes that it can meet a child's needs for medical provision, or the ongoing administration of medication, in accordance with the reasonable adjustments criterion, above, the school will endeavour to meet such needs. Where necessary, if specialist knowledge is required, the school will arrange additional training for relevant staff to support a pupil's medical needs (for example for anaphylaxis, diabetes and asthma). We will discuss thoroughly with parents and their medical advisers any reasonable adjustments that can be made and the administration of medication, to enable a child to become and continue as a pupil at the school. For further information, please refer to the policy on first aid and the administration of medication.

Pupils with Dietary Requirements

Where reasonable adjustments can be made, the school welcomes pupils who have particular dietary requirements due, for example, to cultural or religious backgrounds or to food allergies or intolerances. Information on dietary needs is gathered as part of the admissions process and shared, as appropriate with catering and teaching staff. In more complex situations, a meeting may be organised between the registrar and/or catering manager and the parents and/or health practitioner to discuss and plan for a child's dietary needs. Parents are asked to inform the school promptly if there is a change in a child's dietary needs.

Scholarships

Chatsworth Schools do not currently offer any scholarships.

Overseas Applicants

Chatsworth Schools welcomes overseas pupils, who can study at the school, provided that UK immigration requirements, such as are in force at the time, are met and they have a relative, legal guardian or host family living in the UK with whom they can reside. Where necessary, individual admission arrangements will be made for pupils applying for a place at the school from overseas.

Religious Beliefs

We are not a religious school and welcome children from all faiths or none.

School's Contractual Terms & Conditions

This policy must be read in conjunction with the school's Contractual Terms and Conditions, by which all parents and pupils must abide. Copies are made available to parents as part of the admissions process.

Complaints

Copies of the school's complaints procedure can be sent to you on request and is also on the school website.

Admissions Register

In accordance with Paragraph 15 of the Independent Schools Standards Regulations, and in line with requirements related to children missing education, as noted in Keeping Children Safe in Education, the school records on its information management system the required personal information about each registered pupil. The school must notify the Local Authority in the area where the school is situated of the addition or removal at non-standard times of a pupil's name from the admissions register, if the pupil is of compulsory school age. This includes informing the Local Authority when the child has been taken out of school to be home educated, when the family has apparently moved away, when the child has been certified as medically unfit to attend, when the child is in custody for more than four months, or has been permanently excluded.

The school has a statutory duty to treat both parents equally and to provide both parents with information about the child's work and progress, even if one parent does not live in the family home, unless there is a legal reason not to do so. Therefore, on the pupil's admission, the school needs to gather and record the name and address of each parent in cases where parents do not live in the same household.

Interpretation

In this policy, the term "senior manager" means the School Head and their designated deputies.

This policy applies to all employees in all Schools (save for Schools with their own procedure which shall prevail) and other work environments within Chatsworth Schools.

This policy applies within all companies, which are wholly owned subsidiaries of Chatsworth Schools Ltd, a company registered in England, registered number 11552579.

The registered office of all companies is Crimea Office, The Great Tew Estate, Great Tew, Chipping Norton, Oxfordshire, OX7 4AH. Any enquiries regarding the application of this policy should be addressed to the Director of Information at the above address.
